Neoti Complete™ Series

SPECIFICATIONS

Neoti Complete is a pre-packaged, partially assembled dvLED solution that comes in HD and 4K options and sizes.

The included easy-to-install mount, integrated control system, and included LED sections take the guesswork out of configuring and installing a direct-view LED video wall.

Typical install time is less than half a day, with easy-to-follow instructions.

- Includes ADA compliant mount and trim.
- Image enhancement technology allows for improved grayscale and color performance - even in low-brightness environments.
- Digital and analog audio outputs for sending audio to external sound systems.
